

Control Task

To complete this topic, you have to upload the **Writing assignment on Topic 12**

You have to find at least 5 up-to-date references from reliable sources for your literature review and make a list of references.

Instruction. Using the clues in today's lecture, **search**, either **by keywords** of your research or **by secondary sources**, at least **5 recent publications** (books, journal articles, or conference papers). **Take 4 different screenshots** illustrating your steps and their sequence (see example in the lecture presentation). Make one word document, **write your full name and title of your master's thesis** there. Write down **5 references** you found (authors, title, year of publication, in which scientific journal or publishing house it was published, DOI) and insert these **4 screenshots** there. Save this document in pdf, **name the pdf. file by your last name**.

You have to attach your **Writing assignment on Topic 12** as a **PDF file with your surname** in the Control task.

Grading will be carried out within 1 week after uploading your **Writing assignment on Topic 12**. **Please, revise this document according to your instructor's remarks and keep it for your next writing assignment.**
