

International Scientific and Practical Conference “Green economy is the future of humanity”

Ust-Kamenogorsk, Kazakhstan, from May 14 to May 16, 2014

First information statement

From May 14 to May 16, 2014 within preparation for EXPO – 2017 D.Serikbayev East-Kazakhstan State Technical University holds International Scientific and Practical Conference “Green Economy is the future of humanity” aimed at finding solutions to create stable and efficient model of economy; the basis for such economy model is the country’s move to the stable path of development.

The aims of the Conference are as follows:

- to ensure discussion among scientists and specialists of vital problems to provide economic growth;
- to find innovation models, which ensure harmonious development of the Nature and human being and create quantitative change of production model and consumption model;
- to introduce “green principles” to the system of strategic planning and budgeting, ecologization of business and infrastructure.

Directions of Conference Work:

1. Outside session within VIIth Astana Economic Forum in Ust-Kamenogorsk. Condition and perspectives of “green” economy development to provide sustainable growth.
2. Technology of “Green energy” and energy saving. Alternative energy (wind, solar, hydrogen, thorium, etc.).
3. Conservation of ecosystems and their efficient management.
4. Green economy as a warrantor of society sustainable growth and the way to solve social problems.
5. Complex usage of natural resources and development of environmentally friendly productions. Waste management in the closed circuit.

Conference languages are Kazakh, Russian, English

Applications for participation

Electronic registration of participation and submission of the applications for report presentation should be made until March 15, 2014 via Web page of the Conference on D.Serikbayev EKSTU official site.

Requirements for the article submission

Articles are to be sent in the edited form and must give a clear understanding of the type, content and results of the work performed by the author. The articles of the same author may be published in the conference materials collection no more than two times (for submission of three or more publications payment has to be done separately).

1. The volume of the article should be 4-8 pages of A4 format, Word text editor; formula should be typed by formula editor; Times New Roman font Cyr No. 14 with single line spacing, 1,25 cm paragraph, the text should be justified. Page setup: top margin is 25 mm, others are 20 mm. Pages should not be numbered. Automatic hyphenation of words should be off.

2. Article should be edited in the following way:

-1st line: the UDC number of the report is coming;

-from the 2nd line there should be indicated a name(s) of the author(s), organization (place of work), city, country, E-mail;

-in an interval there should come center aligned name of the article in capital letters.

3. References to literature should be given in the text with numbers in square brackets in the order of reference.

4. The text must be carefully verified and edited.

5. Materials received after the deadline or not meeting these requirements will not be considered and will not be returned. Organizing Committee saves the right to edit fractionally and reject articles which fail to comply with the requirements for articles submission!
