

The Charter of the student scientific and educational circle "Ecotrans"

Motto: "Ecotrans - a breakthrough into the future"

1. GENERAL PROVISIONS

1.1 The student scientific and educational circle "Ecotrans" was organized on 10.05.2024.

1.2 The student scientific and educational circle "Ecotrans" operates at the International School of Engineering of the East Kazakhstan Technical University, located at the address: Ust-Kamenogorsk, Serikbayev str., 19.

1.3 The student scientific and educational circle "Ecotrans" operates in accordance with the legislation of the Republic of Kazakhstan and the internal regulations and regulatory and methodological documents of the University.

2. MAIN GOALS, OBJECTIVES AND THEIR IMPLEMENTATION

2.1. The main objectives of the student scientific and educational circle are:

- formation of students' interest and need for scientific creativity;
- development of creative thinking, scientific independence, improvement of internal organization, conscious attitude to learning, deepening and consolidation of knowledge gained in the learning process.

The main tasks of Ecotrans are:

- ensuring the active participation of students in scientific conferences, competitions for the best scientific work, scientific seminars;
- formation of students' interest in scientific creativity, teaching methods and methods of independent solution of scientific problems in the field of determining the structure of ecomaterials and the technology of modeling ecoprocesses;
- assistance to students in mastering the methodology and skills of conducting independent scientific research and developing scientific problems;
- exchange of experience in organizing and conducting scientific work among members of student scientific circles;
- training of the reserve of scientific and scientific-pedagogical personnel from among the most capable, active and successful students;
- identifying the most gifted and talented students, using their creative and intellectual potential to solve urgent problems of improving the efficiency of the educational process.

2.2. In order to implement the main tasks, Ecotrans has the following rights:

- ✓ organize and conduct events;
- ✓ conduct research and projects;
- ✓ to involve university students in the events held.

3. MAIN AREAS OF ACTIVITY:

- ✓ Students' study of the basics of determining the structure of ecomaterials and the technology of modeling ecoprocesses;
- ✓ Involvement in the work of the circle of students who are interested in research work.
- ✓ Organization of research work of students.

- ✓ Mastering new methods and techniques of experimental research.
- ✓ In-depth study of the chosen discipline by students.

4. PRINCIPLES OF ACTIVITY OF "Ecotrans":

- ✓ Teamwork;
- ✓ consistency;
- ✓ respect;
- ✓ self-government;
- ✓ legality;
- ✓ strict compliance with the Charter;
- ✓ priority of universal values;
- ✓ love for the Motherland;
- ✓ openness to cooperation.

5. MEMBERSHIP IN Ecotrans:

1. A member of "Ecotrans" is a student who is a member of one (or several) scientific student circle and participates in its work.

2. Every successful student can become a member of Ecotrans.

3. The Chairman of "Ecotrans" is elected from among its most active members in agreement with the Academic Council of the Faculty.

4. The curator of "Ecotrans" is appointed by the Academic Council of the faculty.

6. RIGHTS AND OBLIGATIONS OF MEMBERS OF "Ecotrans":

6.1. A member of the circle has the right:

- attend and make presentations and scientific reports at meetings of the circle and conferences;

- publish their work in the proceedings, the university and other scientific publications;

- use the scientific literature of the faculty and the university;

- participate in all events organized by the circle;

- when achieving significant success in research work and high academic performance, take advantage of the selection for postgraduate studies.

6.2. A member of the circle is obliged to:

- take an active part in the work of the scientific circle;

- comply with all the requirements of the charter;

- successfully complete the curriculum.
